Contents

Arend, U., see Wandmacher, J. 143

Bornstein, M. H., Korda, N. O.
Identification and adaptation of hue: Parallels in the operation of mechanisms that underlie categorical perception in vision and in audition 1

Colonius, H., see Pohl, R., et al. 59

Day, R. H., Kasperczyk, R. T.
The Morinaga misalignment effect: Reduction and reversal by modification of figural extremities 95

Flores d'Arcais, G. B., Schreuder, R., Glazenborg, G.
Semantic activation during recognition of referential words 39

Gellatly, A. R. H.
Hemisphere specific effects in reasoning performance 217

Glazenborg, G., see Flores d'Arcais, G. B., et al. 39

Hoffmann, J., see Zießler, M. 109

Holmes, V. M., Rundle, M.
The role of prior context in the comprehension of abstract and concrete sentences 159

Hulstijn, W., see Mulder, T. 203

Kasperczyk, R. T., see Day, R. H. 95

Klosterhalfen, S., Klosterhalfen, W.
Conditioned taste aversion and traditional learning 71

Klosterhalfen, W., see Klosterhalfen, S. 71

Korda, N. O., see Bornstein, M. H. 1

Kozaki, A., see Noguchi, K. 19

Kuwano, S., Namba, S.
Continuous judgment of level-fluctuating sounds and the relationship between overall loudness and instantaneous loudness 27

Leppmann, K. P., see Mewhort, D. J. K. 51

Metelli, F.
Stimulation and perception of transparency 185

Mewhort, D. J. K., Leppmann, K. P.
Information persistence: Testing spatial and identity information with a voice probe 51

Mulder, T., Hulstijn, W.
Delayed sensory feedback in the learning of a novel motor task 203

Nakatani, K.
Application of the method fixed set to the size-weight illusion 223

Namba, S., see Kuwano, S. 27

Noguchi, K., Kozaki, A.
Perceptual scission of surface-lightness and illumination: An examination of the Gelb effect 19

Ono, H., Wade, N. J.
Resolving discrepant results of the Wheatstone Experiment 135

Ono, H., see Wade, N. J. 125

Pohl, R., Colonius, H., Thüring, M.
Recognition of script-based inferences 59

Pring, L.
Phonological encoding and word comprehension 211

Roth, H.-G., Upmeyer, A.
Matching attitudes towards cartoons across evaluative judgments and nonverbal evaluative behavior 173

Rundle M., see Holmes, V. M. 159

Schreuder, R., see Flores d'Arcais, G. B., et al. 39

Schuurmans, E., Vandierendonck, A.
Recall as communication: Effects of frame anticipation 119

Smith, A. P.
The effects of noise on the processing of global shape and local detail 103

Thüring, M., see Pohl, R., et al. 59

Upmeyer, A., see Roth, H.-G. 173

Vandierendonck, A., see Schuurmans, E. 119

Wade, N. J., Ono, H.
The stereoscopic views of Wheatstone and Brewster 125

Wade, N. J., see Ono, H. 135

Wandmacher, J., Arend, U.
Superiority of global features in classification and matching 143

Zießler, M., Hoffmann, J.
Continuous information processing in conceptual identifications 109
